Navigating the Side Menu

The side menu is the main navigation point for everything you will need in your event.

Select the ≡ on the left side of the virtual space to expand the navigation menu.
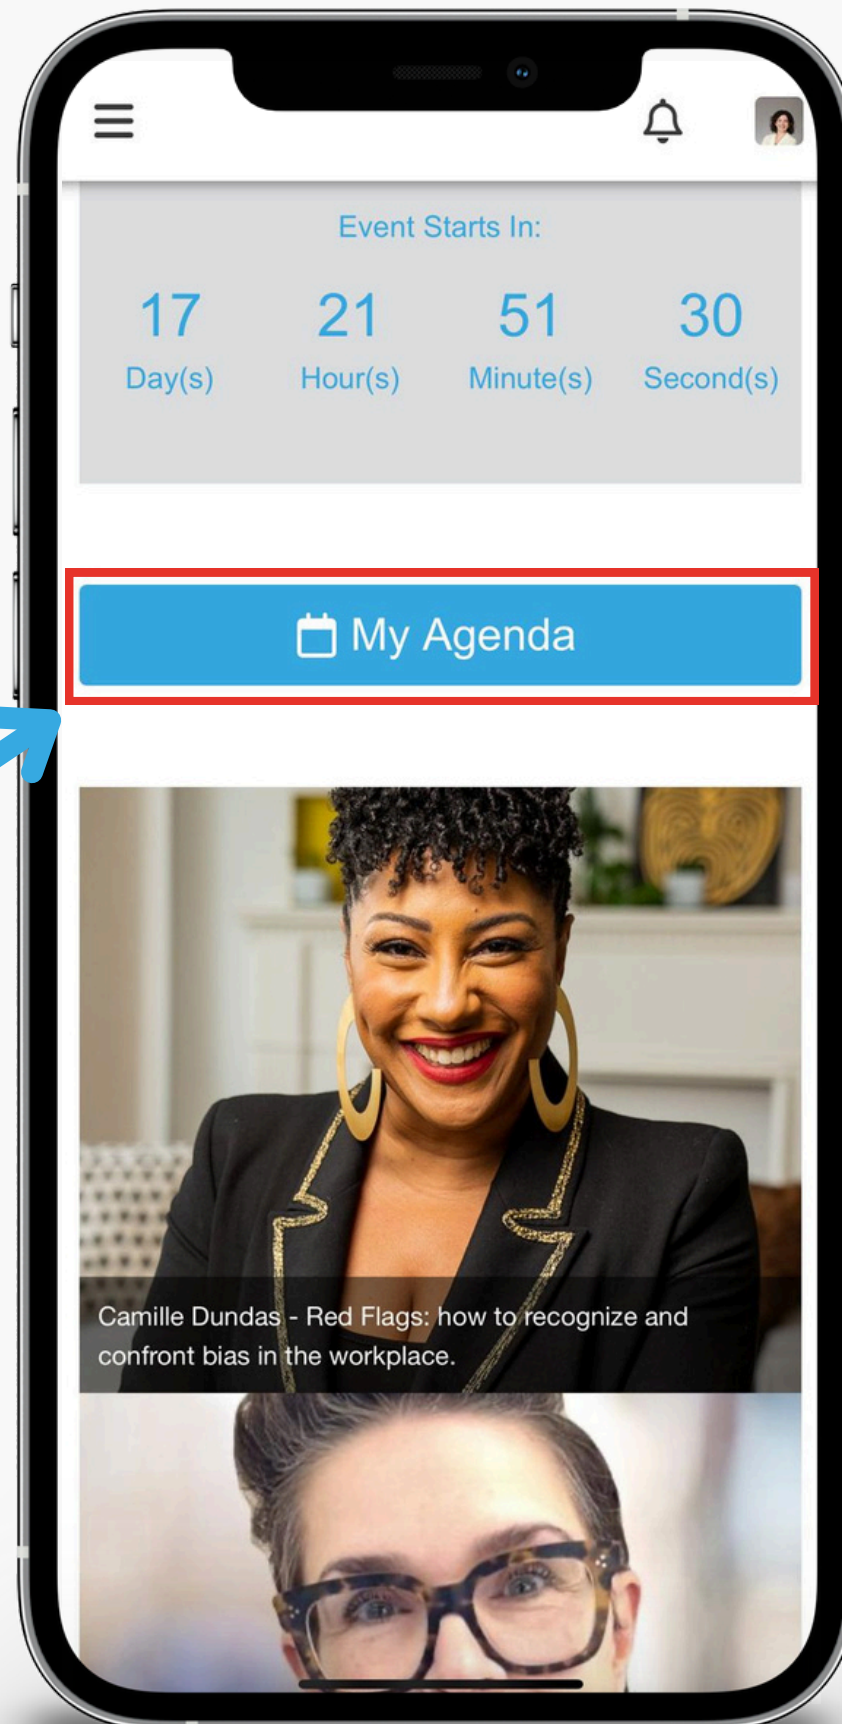

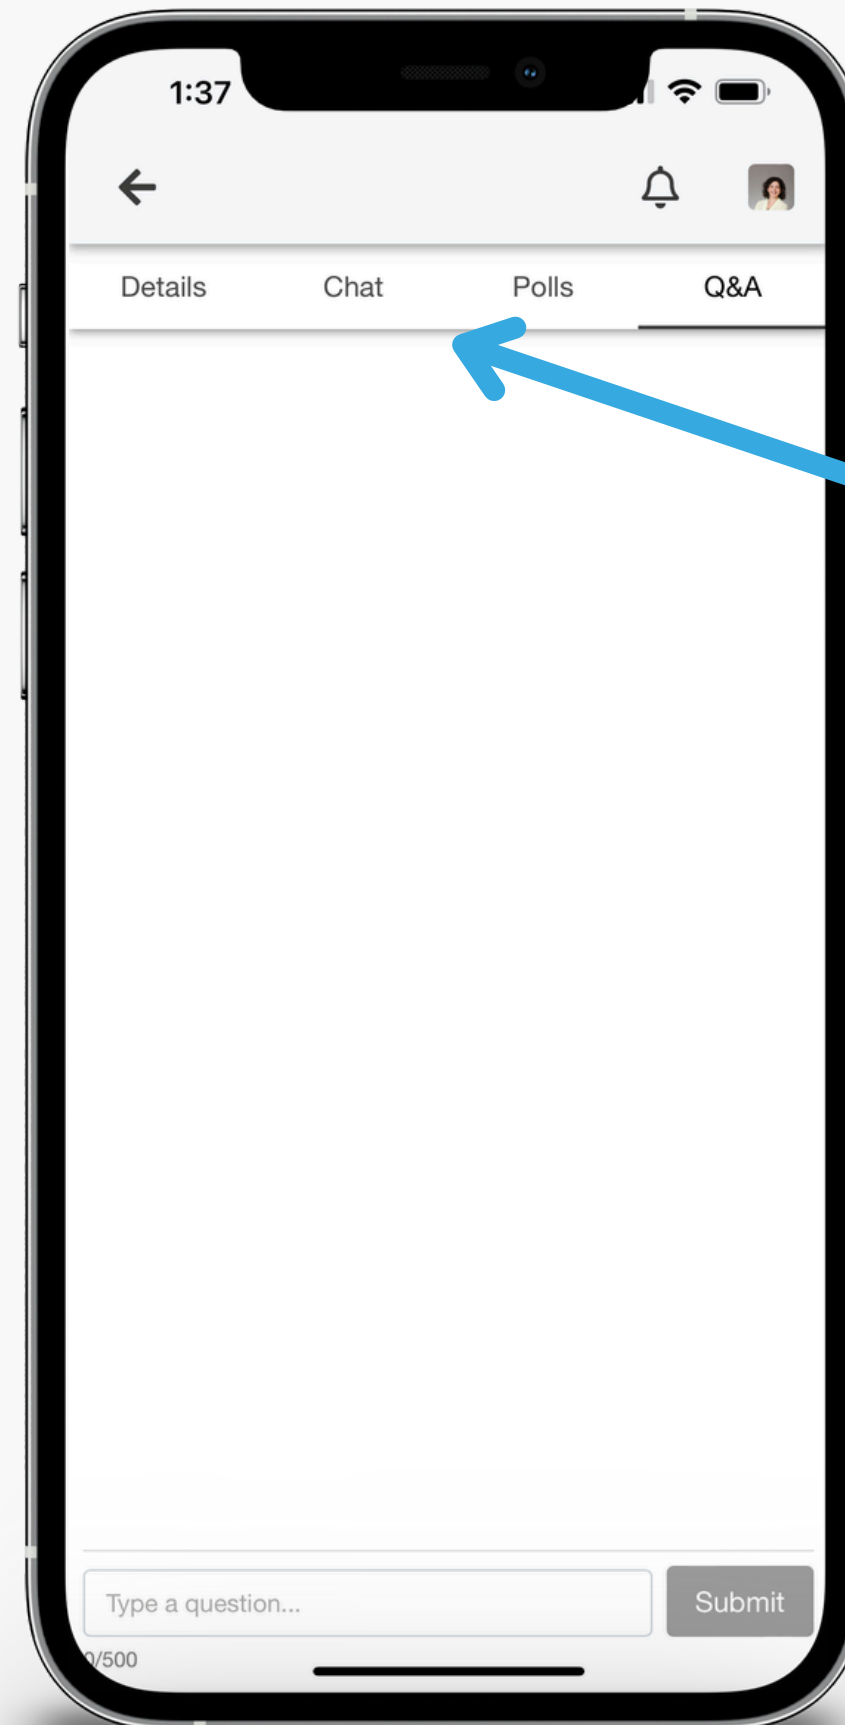

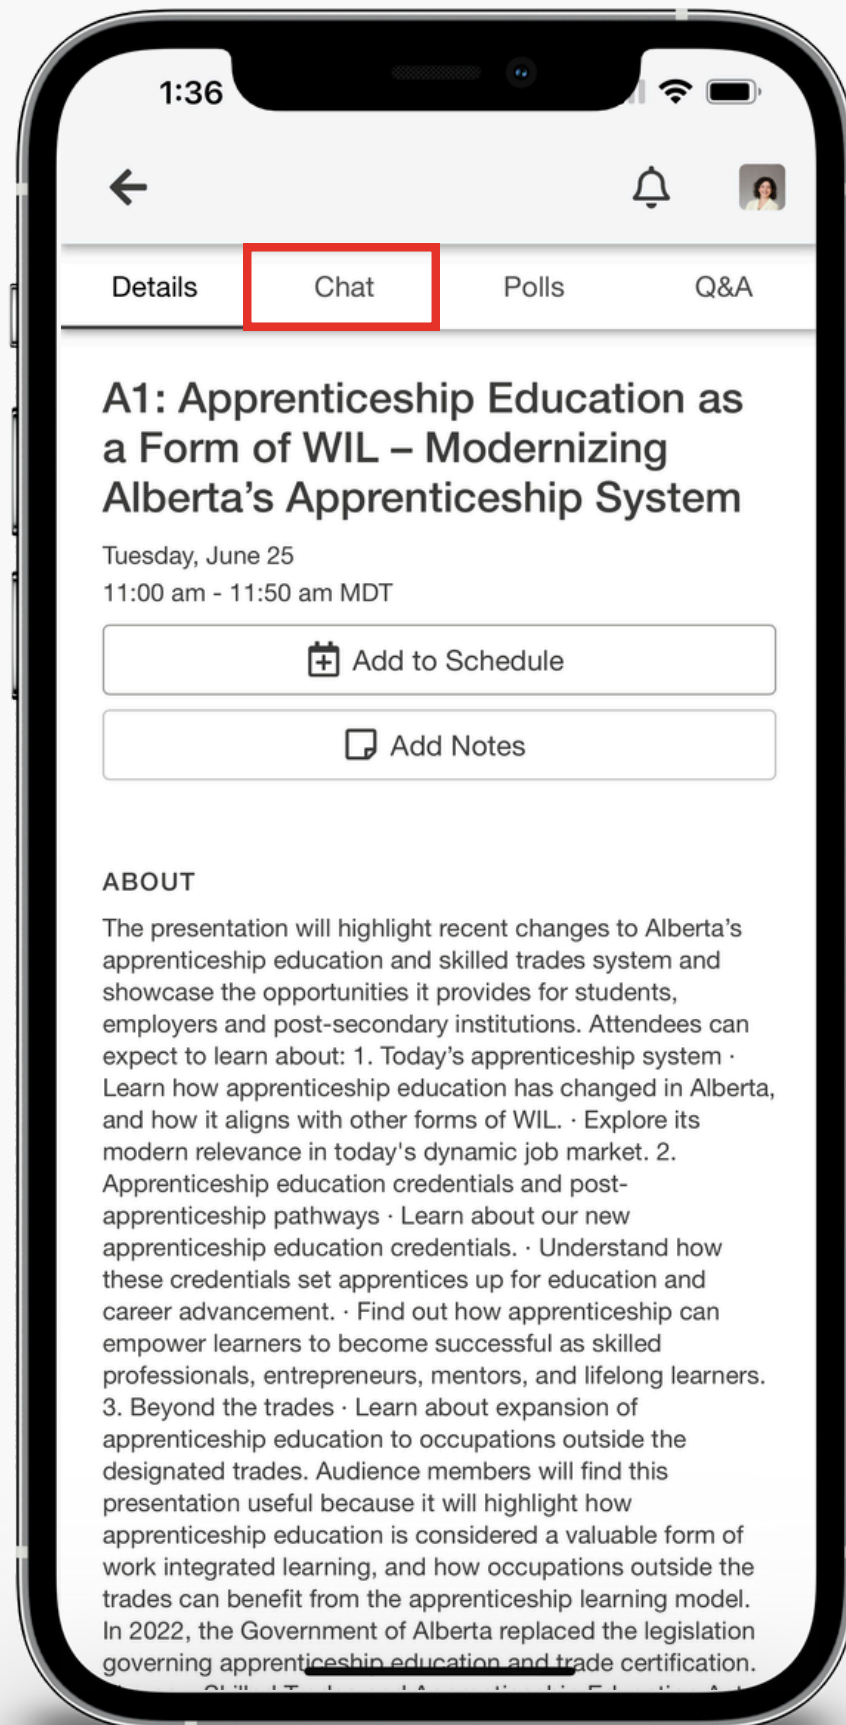

Finding the Agenda

Looking for your favorite session?

The agenda will hold all of the sessions for the entire event.

You can find it via the homepage or the left side menu. You will see a list of all the sessions sorted by Time or by Track.

Tracks is an easy way to see the topic or category of the session.

Session Chat

Log in to join the conversation!

Our session chat allows you to engage with other attendees in real time while watching the presentation.

Navigate to the **Chat** tab within the session itself.

React or reply to another attendee by clicking on their comment or start a new comment by entering it in the chat box at the bottom.
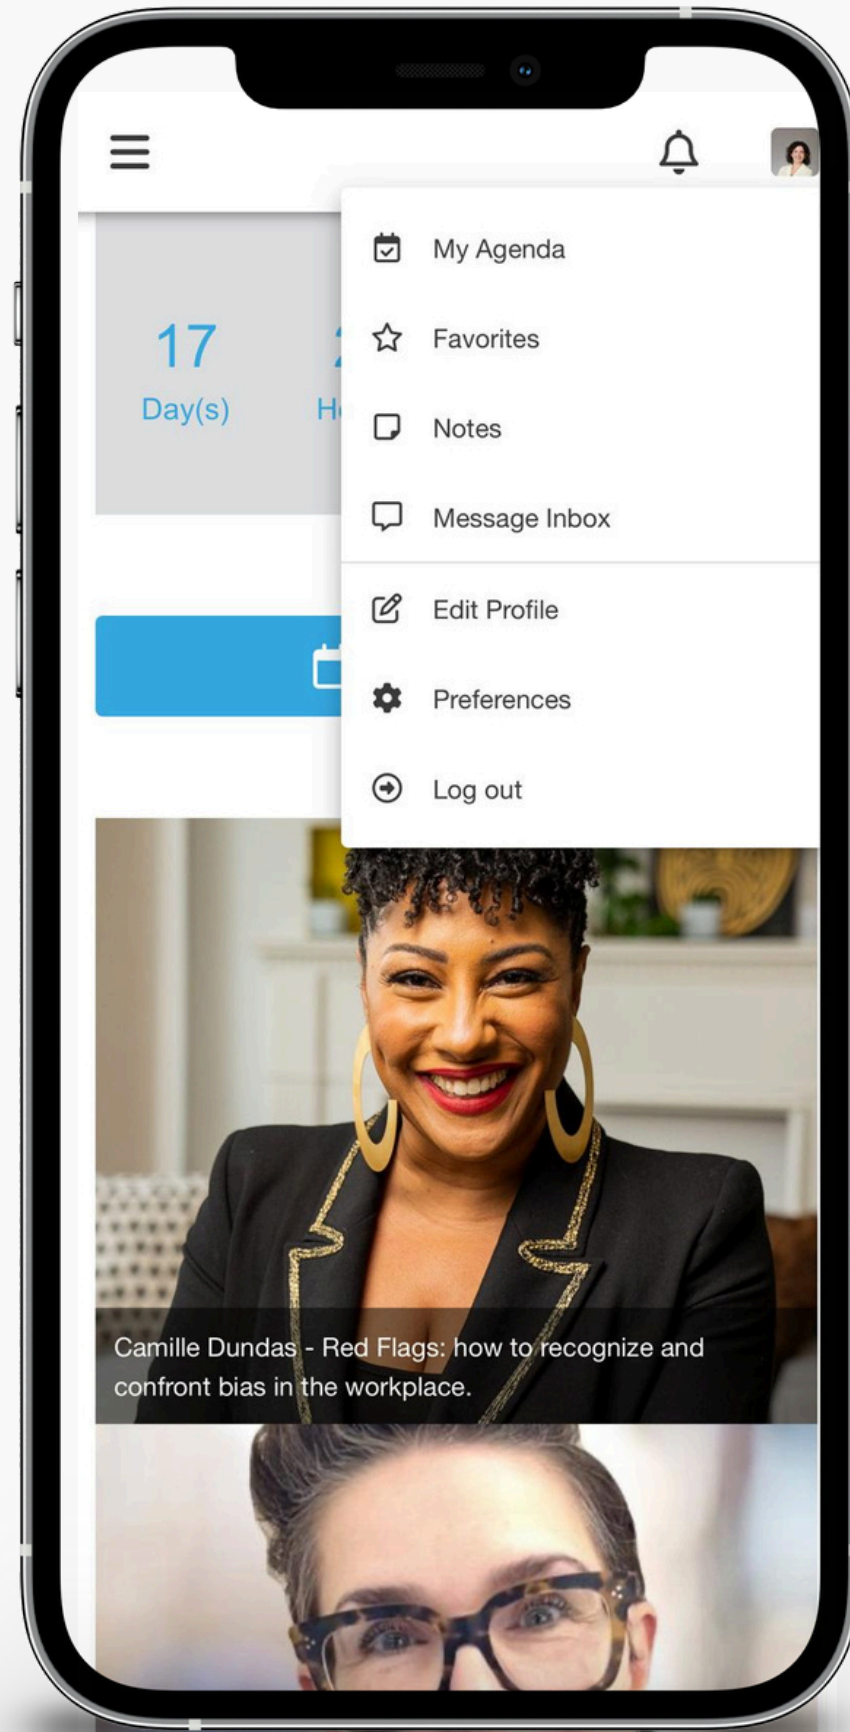

Session Q&A

Asking a Question has never been easier!

Submit a new question or upvote an existing question to have it answered by the speakers.

Navigate to the **Q&A** tab within the session.

Higher voted questions will be pushed to the top automatically. This ensures the top questions are answered by the presenters.

All questions are anonymous.
